

July 2008

Program-to-Program Credit Transfer:

**University of Wisconsin Oshkosh Center for New Learning -
Bachelor of Applied Studies – Leadership and Organizational Studies**

Wisconsin Technical Colleges

****See Attachment for list of eligible Associate Degree programs****

Introduction and Rationale:

In an effort to strengthen the educational partnership between UW Oshkosh and schools within the Wisconsin Technical College System (WTCS) and expand educational opportunities for students, the University will recognize the transfer of technical course credits in block toward the Bachelor of Applied Studies degree/Leadership and Organizational Studies (BAS/LOS) major from the Associate Degree programs identified herein. The underlying assumption for this agreement is that in general the technical college provides the fundamental occupational core courses and the university provides the upper-level courses required within the degree program. Students should find the cross-disciplinary curriculum of the BAS/LOS program a valuable addition to their previous technical studies by providing leadership education at the baccalaureate level.

Conditions:

- **The terms of this transfer agreement apply only for the purposes of entry to the Bachelor of Applied Studies degree/Leadership and Organizational Studies major at UW-Oshkosh (BAS/LOS). This agreement replaces all prior Articulation Agreements between WTCS schools and the UW Oshkosh Bachelors of Liberal Studies degree with emphasis in Organizational Administration (BLS/OA).** WTCS students from eligible programs who seek admission to other degree programs on the UW-Oshkosh campus may transfer to the University only those credits as specified in the Transfer Information System (TIS). Students admitted to UW-Oshkosh under the terms of this credit transfer agreement who subsequently elect to pursue a degree and major other than the BAS/LOS degree program will find the extended transfer of credit does not apply outside of that program.
- Students from the above-mentioned WTCS programs must have successfully completed their Associate degree (fulfilling all course work stipulated therein) with a graduating grade point average of 2.5 or higher for consideration for transfer under the terms of this agreement. These terms do **not** apply to students who have completed only a portion of the required course work for any of these Associate degrees.

Transfer of Credit:

The **Bachelor of Applied Studies degree/ Leadership and Organizational Studies major** at UW-Oshkosh **will accept a total of 45 block credits** based on only the technical (non-general education) courses for the program in question. General education course credits **MAY** also transfer in as specified in the Transfer Information System (TIS).

Effective Date: This agreement is effective Fall semester 2008.

Approved:

Charles Hill
Director, Center for New Learning

Martin Tadlock
Assistant Vice Chancellor,
Division of Lifelong Learning
and Community Engagement

Lane Earns
Provost and Vice Chancellor

Richard Wells
Chancellor
