Revised Credit Transfer Agreement:

University Of Wisconsin Oshkosh
College Of Education and Human Services
Bachelor of Science Degree in Human Services Leadership

and

College of Southern Idaho
Associate of Applied Science Degrees:
Addiction Studies
Human Services
Law Enforcement
Sign Language

Introduction and Rationale:

This document represents a revision to the original Agreement between the University of Wisconsin Oshkosh and College of Southern Idaho (CSI). The revisions include the addition of two new associate degree majors as well as an increase in the number of transfer credits allowed. These changes reflect the terms of similar agreements between UW Oshkosh and other two year colleges, and are intended to provide increased opportunities for students who desire to enter a bachelor's degree completion program. This revised Agreement specifies the transfer of credit from the Associate Degrees named above to the Bachelor of Science Degree in Human Services Leadership at UW Oshkosh, in recognition that these Associate Degree programs prepare students for admission to this bachelor's degree program. The underlying assumption for this Agreement is that the College programs provide a foundation of occupational courses and the University provides the upper-level courses required within the Human Services program.

Conditions:

The terms of transfer of this credit transfer agreement apply only for the purposes of entry to the Bachelor of Science degree in Human Services program at UW Oshkosh. College of Southern Idaho students admitted to UW Oshkosh under the terms of this agreement who subsequently elect to pursue a degree and major other than the Bachelor of Science degree in Human Services will find the transfer of credit does not apply outside of this program.

Students from CSI must have completed one of the above-named Associate degree programs with a cumulative grade point average of at least 2.75/4.0 for consideration for transfer under the terms of this document. This agreement does not apply to CSI students who have completed only a portion of the required course work for either of the degrees named above.
